

29 Golf Crescent Northam WA

YES. The last block in this sort after Street and it's turning out to be the best one yet.
Nice building block and has the feature of being amongst high class homes of the exclusive country club estate.
Fully serviced, minimal site costs, and only a few minutes drive to Town centre, shops, schools, doctors, hospitals and eateries.

This is a great find for the wise buyer/investor at a low investment \$dollar value now selling from \$78,500.

You better buy quick it will not last. My last listing in this area only lasted a few days by a shrewd buyer.
